MEMORANDUM FOR GDIP CONSULTANT

SUBJECT: Letter of Instruction

You have met [REDACTED] USA, the Department of Defense HUMINT manager. He is developing an architecture that may require significant organizational and functional changes in DOD human source intelligence. He also has responsibility for development of HUMINT doctrine and planning.

It's extremely important to the GDIP Manager that [] have the best independent advice available. I would like you to consult with and support him directly. Your emphasis should be on interagency relationships, foreign law affecting operations, and US oversight law. [] will contact you soon to work out the details.

Please keep me informed of your progress. [] my administrative assistant, will keep track of the time you spend on this task and will arrange any GDIP Staff support you may need.
